

Elementary school
“Svetislav Golubović Mitraljeta”
Batajnica, Serbia

Our Elementary school is located in Batajnica in the municipality of Zemun, and it belongs to the Belgrade School Administration of the Republic of Serbia.

The school was opened in 1969 and had 24 classes and a total of 721 students from 1st - 8th grade.

The number of students this schoolyear is 935 and we employ 58 teachers, a counselor, a psychologist, a librarian, 1 janitor, 1 cook and 6 cleaning ladies.

ОШ „СВЕТИСЛАВ ГОЛУБОВИЋ МИТРАШЕТА“

The school building covered an area of 2500 m² and was nicely decorated with a large school yard enriched with many trees, football field, basketball and volleyball court and children's playground. The school building is currently being reconstructed.

The school building has consisted of 18 classrooms, IT classroom, library, dining room and gym, the Teachers' Lounge and 5 offices. We tried to improve technical equipment in our classrooms that contributes to the quality of teaching and learning process. All together we try to keep track of innovations so that the students get high quality education.

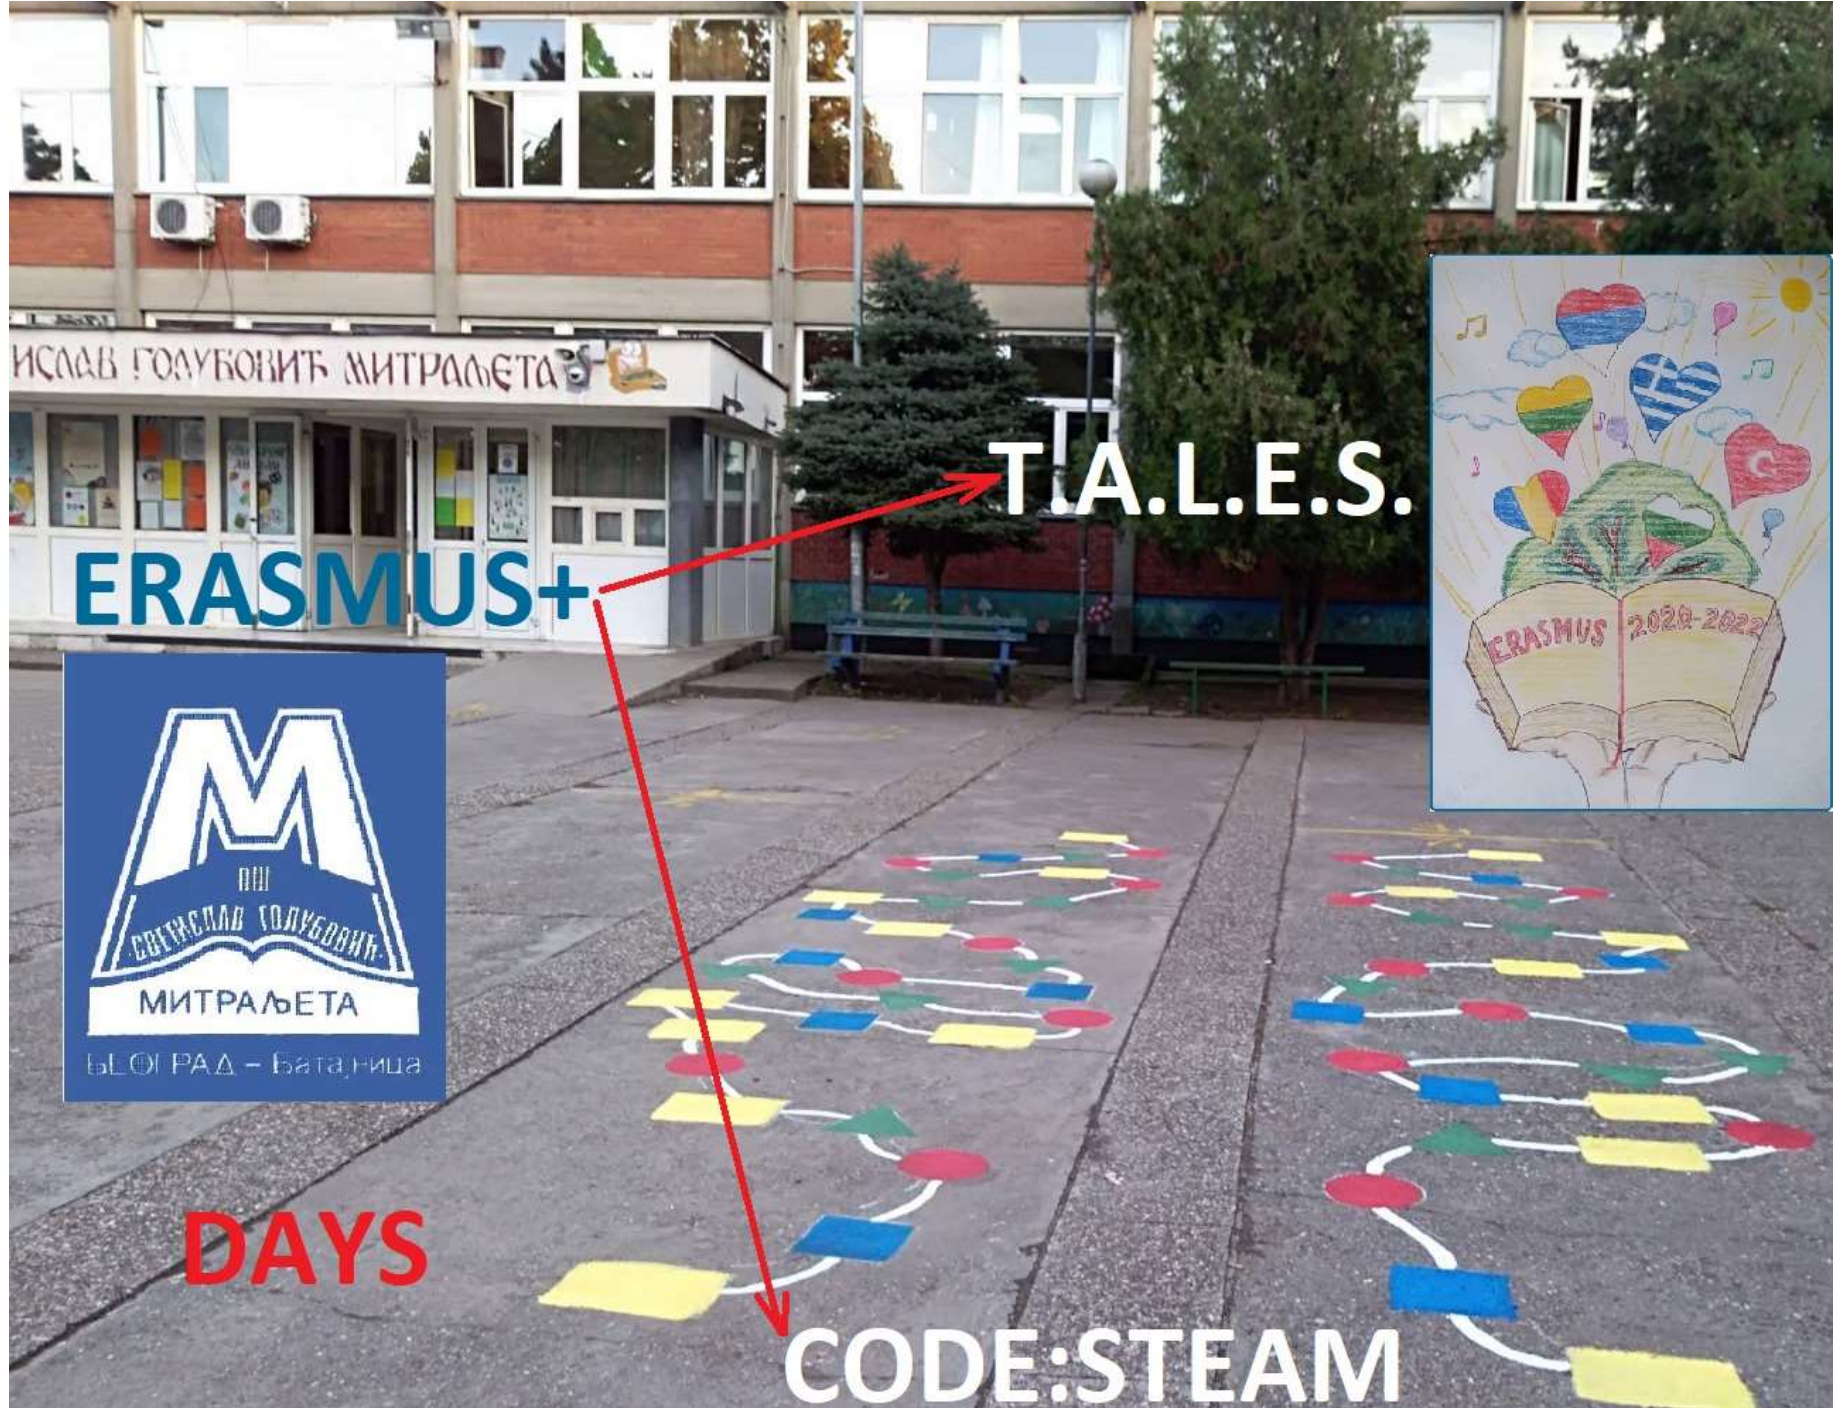

We ensure good relations with students, parents/guardians and the local community through the work of the Student Parliament, the Peer Team, Parent Council and School Board.

We work in two shifts, "the younger shift" comprises students aged from 7 to 10 and "older shift" students from 11 to 15.

Today, our school looks like a big construction site.

DAYS

CODE:STEAM

Every year we plan projects that connect different subject areas.

The tendency of our school is to implement these projects in regular classes in the future. Since we recognized positive reactions among our students, we gained multiple benefits in terms of their knowledge and development of their skills and personality.
